| Article Name               | Anti-Eotaxin/CCL11 Antibody Picoband APC Conjugated, Rabbit, Polyclonal                                                                                                             |
| Biozol Catalog Number      | BOB-PB9065-APC                                                                                                                                                                      |
| Supplier Catalog Number    | PB9065-APC                                                                                                                                                                          |
| Alternative Catalog Number | BOB-PB9065-APC-100UG                                                                                                                                                                |
| Manufacturer               | Boster Bio                                                                                                                                                                          |
| Host                       | Rabbit                                                                                                                                                                              |
| Category                   | Antikörper                                                                                                                                                                          |
| Application                | FC                                                                                                                                                                                  |
| Species Reactivity         | Mouse                                                                                                                                                                               |
| Immunogen                  | E.coli-derived mouse Eotaxin recombinant protein (Position: H24-P97). Mouse Eotaxin shares 62% and 97% amino acid (aa) sequences identity with human and rat Eotaxin, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                          |
| Molecular Weight           | Calculated Molecular Weight: 10893 MW                                                                                                                                               |
| NCBI                       | <a href="#">20292</a>                                                                                                                                                               |
| UniProt                    | <a href="#">P48298</a>                                                                                                                                                              |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% NaN <sub>3</sub> .                                                                        |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Eotaxin                                       |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
