| Category                   | Antikörper                                                                                                                                                                                                                                                   |
| Application                | ELISA, WB                                                                                                                                                                                                                                                    |
| Species Reactivity         | Human                                                                                                                                                                                                                                                        |
| Immunogen                  | E. coli-derived human TFF1 recombinant protein (Position: E25-F84). Human TFF1 shares 66.7% and 69% amino acid (aa) sequence identity with mouse and rat TFF1, respectively.                                                                                 |
| Product Description        | Boster Bio Anti-Estrogen Inducible Protein pS2/TFF1 Antibody Picoband catalog PB9522. Tested in ELISA, WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high a... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                   |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |

|                    |                                                                                                            |
|--------------------|------------------------------------------------------------------------------------------------------------|
| Molecular Weight   | Observed Molecular Weight: 12 kDa. Calculated Molecular Weight: 9150 MW                                    |
| NCBI               | <a href="#">7031</a>                                                                                       |
| UniProt            | <a href="#">P04155</a>                                                                                     |
| Buffer             | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> . |
| Purity             | Immunogen affinity purified.                                                                               |
| Form               | Lyophilized                                                                                                |
| Target             | Trefoil factor 1                                                                                           |
| Application Dilute | Western blot, 0.1-0.5µg/ml, Human, -ELISA, 0.1-0.5µg/ml, -                                                 |
