| Category                   | Antikörper                                                                                                                                                                                                                                                   |
| Application                | WB                                                                                                                                                                                                                                                           |
| Species Reactivity         | Human                                                                                                                                                                                                                                                        |
| Immunogen                  | E.coli-derived human Cdc37 recombinant protein (Position: M216-V378). Human Cdc37 shares 95.7% and 95.1% amino acid (aa) sequence identity with mouse and rat Cdc37, respectively.                                                                           |
| Product Description        | Boster Bio Anti-Cdc37 Antibody Picoband catalog PB9574. Tested in WB applications. This antibody reacts with Human. The brand Picoband indicates this is a premium antibody that guarantees superior quality, high affinity, and strong signals with mini... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                   |
| Concentration              | Adding 0.2 ml of distilled water will yield a concentration of 500 µg/ml.                                                                                                                                                                                    |
| Molecular Weight           | Observed Molecular Weight: 44 kDa. Calculated Molecular Weight: 44468 MW                                                                                                                                                                                     |

|                    |                                                                                                            |
|--------------------|------------------------------------------------------------------------------------------------------------|
| NCBI               | <a href="#">11140</a>                                                                                      |
| UniProt            | <a href="#">Q16543</a>                                                                                     |
| Buffer             | Each vial contains 5mg BSA, 0.9mg NaCl, 0.2mg Na <sub>2</sub> HPO <sub>4</sub> , 0.05mg NaN <sub>3</sub> . |
| Purity             | Immunogen affinity purified.                                                                               |
| Form               | Lyophilized                                                                                                |
| Target             | Hsp90 co-chaperone Cdc37                                                                                   |
| Application Dilute | Western blot, 0.1-0.5µg/ml, Human                                                                          |
