| Manufacturer               | Boster Bio                                                                                                                                                                      |
| Host                       | Rabbit                                                                                                                                                                          |
| Category                   | Antikörper                                                                                                                                                                      |
| Application                | FC                                                                                                                                                                              |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                               |
| Immunogen                  | E. coli-derived human ORM1 recombinant protein (Position: Q19-S201). Human ORM1 shares 47.5% and 48.1% amino acid (aa) sequence identity with mouse and rat ORM1, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                      |
| Molecular Weight           | Calculated Molecular Weight: 23512 MW                                                                                                                                           |
| NCBI                       | <a href="#">5004</a>                                                                                                                                                            |
| UniProt                    | <a href="#">P02763</a>                                                                                                                                                          |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                     |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Alpha-1-acid glycoprotein 1                   |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
