| Article Name               | Anti-ABR Antibody Picoband Fluoro550 Conjugated, Rabbit, Polyclonal                                                                             |
| Biozol Catalog Number      | BOB-PB9972-FLUORO550                                                                                                                            |
| Supplier Catalog Number    | PB9972-Fluoro550                                                                                                                                |
| Alternative Catalog Number | BOB-PB9972-FLUORO550-100UG                                                                                                                      |
| Manufacturer               | Boster Bio                                                                                                                                      |
| Host                       | Rabbit                                                                                                                                          |
| Category                   | Antikörper                                                                                                                                      |
| Application                | FC                                                                                                                                              |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                               |
| Immunogen                  | A synthetic peptide corresponding to a sequence in the middle region of human ABR, different from the related mouse sequence by one amino acid. |
| Clonality                  | Polyclonal                                                                                                                                      |
| Molecular Weight           | Calculated Molecular Weight: 97598 MW                                                                                                           |
| NCBI                       | <a href="#">29</a>                                                                                                                              |
| UniProt                    | <a href="#">Q12979</a>                                                                                                                          |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                     |
| Purity                     | Immunogen affinity purified.                                                                                                                    |

|                    |                                                  |
|--------------------|--------------------------------------------------|
| Form               | Liquid                                           |
| Target             | Active breakpoint cluster region-related protein |
| Application Dilute | Flow Cytometry, 1-3μg/1x10 <sup>6</sup> cells    |
