| Alternative Catalog Number | BOB-PB9986-PE-100UG                                                                                                                                                                                              |
| Manufacturer               | Boster Bio                                                                                                                                                                                                       |
| Host                       | Rabbit                                                                                                                                                                                                           |
| Category                   | Antikörper                                                                                                                                                                                                       |
| Application                | FC                                                                                                                                                                                                               |
| Species Reactivity         | Mouse, Rat                                                                                                                                                                                                       |
| Immunogen                  | E.coli-derived mouse Apolipoprotein E recombinant protein (Position: D55-Q294). Mouse Apolipoprotein E shares 75% and 94.6% amino acid (aa) sequence identity with human and rat Apolipoprotein E, respectively. |
| Clonality                  | Polyclonal                                                                                                                                                                                                       |
| Molecular Weight           | Calculated Molecular Weight: 35867 MW                                                                                                                                                                            |
| NCBI                       | <a href="#">11816</a>                                                                                                                                                                                            |
| UniProt                    | <a href="#">P08226</a>                                                                                                                                                                                           |
| Buffer                     | Each vial contains 50% glycerol, 0.9% NaCl, 0.2% Na <sub>2</sub> HPO <sub>4</sub> , 0.02% Na <sub>3</sub> .                                                                                                      |

|                    |                                               |
|--------------------|-----------------------------------------------|
| Purity             | Immunogen affinity purified.                  |
| Form               | Liquid                                        |
| Target             | Apolipoprotein E                              |
| Application Dilute | Flow Cytometry, 1-3µg/1x10 <sup>6</sup> cells |
