| Product Description        | Recombinant protein of human CCR4-NOT transcription complex, subunit 3 (CNOT3)...         |
| Concentration              | >50 ug/mL as determined by microplate BCA method                                          |
| Molecular Weight           | 81.7 kDa                                                                                  |
| Tag                        | C-Myc/DDK                                                                                 |
| Buffer                     | 25 mM Tris.HCl, pH 7.3, 100 mM glycine, 10% glycerol                                      |
| Source                     | HEK293T                                                                                   |
| Form                       | Frozen Solution in PBS Buffer                                                             |
