| Manufacturer               | Boster Bio                                                                                                                   |
| Category                   | Proteine/Peptide                                                                                                             |
| Application                | SDS-PAGE                                                                                                                     |
| Product Description        | E. coli mug Recombinant Protein expressed in E. coli with His-tag.<br>Sequence domain: 1-168aa. Application(s): SDS-PAGE.... |
| Concentration              | 0.5mg/ml (determined by Bradford assay)                                                                                      |
| Molecular Weight           | 21.1 kDa (191aa) confirmed by MALDI-TOF                                                                                      |
| Tag                        | His-Tag                                                                                                                      |
| UniProt                    | <a href="#">P0A9H1</a>                                                                                                       |
| Buffer                     | 20mM Tris-HCl buffer (pH 8.0) containing 0.1M NaCl, 20% glycerol                                                             |
| Source                     | E. coli                                                                                                                      |
| Form                       | Liquid                                                                                                                       |
