| Category                   | Proteine/Peptide                                                                                                                                                                                               |
| Application                | SDS-PAGE                                                                                                                                                                                                       |
| Product Description        | Human recombinant POR protein expressed in Baculovirus with His-Tag. Sequence domain: 43-677aa. Application(s): SDS-PAGE, Enzyme Activity. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Concentration              | 0.5mg/ml (determined by absorbance at 280nm)                                                                                                                                                                   |
| Tag                        | His-Tag                                                                                                                                                                                                        |
| UniProt                    | <a href="#">P16435</a>                                                                                                                                                                                         |
| Buffer                     | Phosphate-Buffered Saline (pH 7.4) containing 10% glycerol                                                                                                                                                     |
| Source                     | Baculovirus                                                                                                                                                                                                    |
