| Category                   | Proteine/Peptide                                                                                                                                                                                           |
| Application                | SDS-PAGE                                                                                                                                                                                                   |
| Product Description        | Human TNF RII/TNFRSF1B Recombinant Protein expressed in Baculovirus with His-tag. Sequence domain: 23-257aa. Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Concentration              | 1mg/ml (determined by absorbance at 280nm)                                                                                                                                                                 |
| Molecular Weight           | 25.9 kDa (241aa)                                                                                                                                                                                           |
| Tag                        | His-Tag                                                                                                                                                                                                    |
| UniProt                    | <a href="#">P20333</a>                                                                                                                                                                                     |
| Buffer                     | Phosphate-Buffered Saline (pH 7.4) containing 10% glycerol                                                                                                                                                 |
