| Category                   | Proteine/Peptide                                                                                                              |
| Application                | SDS-PAGE                                                                                                                      |
| Product Description        | Human IDH3G Recombinant Protein expressed in E. coli with His-tag.<br>Sequence domain: 40-393aa. Application(s): SDS-PAGE.... |
| Concentration              | 0.25mg/ml (determined by Bradford assay)                                                                                      |
| Molecular Weight           | 41.1 kDa (375aa) confirmed by MALDI-TOF                                                                                       |
| Tag                        | His-Tag                                                                                                                       |
| UniProt                    | <a href="#">P51553</a>                                                                                                        |
| Buffer                     | 20mM Tris-HCl buffer (pH 8.0) containing 50% glycerol, 0.2M NaCl,<br>5mM DTT, 2mM EDTA                                        |
| Source                     | E. coli                                                                                                                       |
| Form                       | Liquid                                                                                                                        |
