| Category                   | Proteine/Peptide                                                                                                           |
| Application                | SDS-PAGE                                                                                                                   |
| Product Description        | Human ALKBH3 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-286aa. Application(s): SDS-PAGE.... |
| Concentration              | 1mg/ml (determined by Bradford assay)                                                                                      |
| Molecular Weight           | 37.8 kDa (325aa) confirmed by MALDI-TOF                                                                                    |
| Tag                        | His-Tag                                                                                                                    |
| UniProt                    | <a href="#">Q96Q83</a>                                                                                                     |
| Buffer                     | 20mM Tris-HCl buffer (pH 8.0) containing 10% glycerol, 2mM DTT, 0.1M NaCl.                                                 |
| Source                     | E. coli                                                                                                                    |
| Form                       | Liquid                                                                                                                     |
