| Category                   | Proteine/Peptide                                                                                                                                                                                     |
| Application                | SDS-PAGE                                                                                                                                                                                             |
| Product Description        | Human recombinant SOST/Sclerostin protein expressed in HEK293 with His-Tag. Sequence domain: 24-213aa. Application(s): SDS-PAGE. Endotoxin: < 1 EU per 1ug of protein (determined by LAL method).... |
| Concentration              | 0.25mg/ml (determined by Bradford assay)                                                                                                                                                             |
| Tag                        | His-Tag                                                                                                                                                                                              |
| UniProt                    | <a href="#">Q9BQB4</a>                                                                                                                                                                               |
| Buffer                     | Phosphate-Buffered Saline (pH 7.4) containing 30% glycerol                                                                                                                                           |
