| Manufacturer               | Boster Bio                                                                                                                 |
| Category                   | Proteine/Peptide                                                                                                           |
| Application                | SDS-PAGE                                                                                                                   |
| Product Description        | Human MRI Recombinant Protein expressed in E. coli with His-tag.<br>Sequence domain: 1-157aa. Application(s): SDS-PAGE.... |
| Concentration              | 0.25mg/ml (determined by Bradford assay)                                                                                   |
| Molecular Weight           | 19.2 kDa (180aa) confirmed by MALDI-TOF (Molecular weight on SDS-PAGE will appear higher)                                  |
| Tag                        | His-Tag                                                                                                                    |
| UniProt                    | <a href="#">Q9BWK5</a>                                                                                                     |
| Buffer                     | 20mM Tris-HCl buffer (pH 8.0) containing 10% glycerol 0.1M NaCl                                                            |
| Source                     | E. coli                                                                                                                    |
| Form                       | Liquid                                                                                                                     |
