| Alternative Catalog Number | BOB-PROTQ9H1I8-20UG                                                                        |
| Manufacturer               | Boster Bio                                                                                 |
| Category                   | Proteine/Peptide                                                                           |
| Product Description        | Recombinant protein of human activating signal cointegrator 1 complex subunit 2 (ASCC2)... |
| Concentration              | >50 ug/mL as determined by microplate BCA method                                           |
| Molecular Weight           | 86.2 kDa                                                                                   |
| Tag                        | C-Myc/DDK                                                                                  |
| Buffer                     | 25 mM Tris.HCl, pH 7.3, 100 mM glycine, 10% glycerol                                       |
| Source                     | HEK293T                                                                                    |
| Form                       | Frozen Solution in PBS Buffer                                                              |
