| Category                   | Proteine/Peptide                                                                                                          |
| Application                | SDS-PAGE                                                                                                                  |
| Product Description        | Human RGS17 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-210aa. Application(s): SDS-PAGE.... |
| Concentration              | 1mg/ml (determined by Bradford assay)                                                                                     |
| Molecular Weight           | 26.5 kDa (230aa) confirmed by MALDI-TOF (Molecular weight on SDS-PAGE will appear higher)                                 |
| Tag                        | His-Tag                                                                                                                   |
| UniProt                    | <a href="#">Q9UGC6</a>                                                                                                    |
| Buffer                     | 20mM Tris-HCl buffer (pH 8.0) containing 10% glycerol, 0.1M NaCl, 1mM DTT                                                 |
| Source                     | E. coli                                                                                                                   |
| Form                       | Liquid                                                                                                                    |
