| Manufacturer               | Boster Bio                                                                                                                                                                                                                                                    |
| Category                   | Proteine/Peptide                                                                                                                                                                                                                                              |
| Application                | SDS-PAGE                                                                                                                                                                                                                                                      |
| Product Description        | Human NDUFB9 Recombinant Protein expressed in E. coli with His-tag. Sequence domain: 1-179aa. Application(s): SDS-PAGE, Denatured. Denatured protein is most likely not the best option for functional studies. It is better suited for Western Blot (WB) ... |
| Concentration              | 0.25mg/ml (determined by Bradford assay)                                                                                                                                                                                                                      |
| Molecular Weight           | 24.2 kDa (202aa)                                                                                                                                                                                                                                              |
| Tag                        | His-Tag                                                                                                                                                                                                                                                       |
