## Product Datasheet

### Goat Anti-Human IgD (Heavy chain) antibody, pre-adsorbed (FITC), Polyclonal GTX04123-06

|                            |                                                                                   |
|----------------------------|-----------------------------------------------------------------------------------|
| Article Name               | Goat Anti-Human IgD (Heavy chain) antibody, pre-adsorbed (FITC), Polyclonal       |
| Biozol Catalog Number      | GTX04123-06                                                                       |
| Supplier Catalog Number    | GTX04123-06                                                                       |
| Alternative Catalog Number | GTX04123-06-1                                                                     |
| Manufacturer               | GeneTex                                                                           |
| Host                       | Goat                                                                              |
| Category                   | Antikörper                                                                        |
| Application                | ELISA, FC, IHC-Fr, IHC-P                                                          |
| Species Reactivity         | Human                                                                             |
| Immunogen                  | Pooled antisera from goats hyperimmunized with human IgD                          |
| Conjugation                | FITC                                                                              |
| Clonality                  | Polyclonal                                                                        |
| Concentration              | 1 mg/ml (Please refer to the vial label for the specific concentration.)          |
| Sensitivity                | Pre-adsorbed with Human IgG, IgM, and IgA. May react with IgD from other species. |
| Buffer                     | PBS, 0.09% sodium azide.                                                          |
| Form                       | Liquid                                                                            |

|                   |                                                                                                                                                     |
|-------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------|
| Target            | IgD (Heavy chain)                                                                                                                                   |
| Application Notes | FCM: 1 µg/106cells. ELISA: 1:100-1:400. *Optimal dilutions/concentrations should be determined by the researcher. Not tested in other applications. |
