| Category                   | Antikörper                                                                                                                                                                                                                                                       |
| Application                | ELISA, WB                                                                                                                                                                                                                                                        |
| Species Reactivity         | Human                                                                                                                                                                                                                                                            |
| Immunogen                  | Recombinant protein (or fragment). This information is considered to be commercially sensitive.                                                                                                                                                                  |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                     |
| Product Description        | Apolipoprotein (apo) A-IV gene contains 3 exons separated by two introns. A sequence polymorphism has been identified in the 3'UTR of the third exon. The primary translation product is a 396-residue preprotein which after proteolytic processing is secre... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                       |
| Molecular Weight           | 45kDa                                                                                                                                                                                                                                                            |
| NCBI                       | <a href="#">337</a>                                                                                                                                                                                                                                              |
| UniProt                    | <a href="#">P06727</a>                                                                                                                                                                                                                                           |

|                    |                                                                                                                                                                                              |
|--------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Purity             | Affinity purification                                                                                                                                                                        |
| Target             | APOA4                                                                                                                                                                                        |
| Application Dilute | WB,1:1000 - 1:2000 ELISA,Recommended starting concentration is 1 µg/mL. Please optimize the concentration based on your specific assay requirements.                                         |
| Application Notes  | Cross-Reactivity: Human. ResearchArea: Cancer,Signal Transduction,Endocrine Metabolism,Lipid Metabolism,Cardiovascular,Heart,Lipids,Cardiovascular diseases,Heart disease. Shipping: Ice Bag |
