| Immunogen                  | Synthetic peptide. This information is considered to be commercially sensitive.                                                                                                                                                                               |
| Conjugation                | Unconjugated                                                                                                                                                                                                                                                  |
| Product Description        | This gene encodes a component of the NDC80 kinetochore complex. The encoded protein consists of an N-terminal microtubule binding domain and a C-terminal coiled-coiled domain that interacts with other components of the complex. This protein functions... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Molecular Weight           | 74kDa                                                                                                                                                                                                                                                         |
| NCBI                       | <a href="#">10403</a>                                                                                                                                                                                                                                         |
| UniProt                    | <a href="#">O14777</a>                                                                                                                                                                                                                                        |

|                    |                                                                                                                                                                    |
