## Product Datasheet

### Recombinant Human Ferritin heavy chain/FTH1 Protein, E. coli ABB-RP00631

|                            |  |
|----------------------------|--|
| Article Name               | Recombinant Human Ferritin heavy chain/FTH1 Protein, E. coli   |
| Biozol Catalog Number      | ABB-RP00631  |
| Supplier Catalog Number    | RP00631  |
| Alternative Catalog Number | ABB-RP00631-10UG, ABB-RP00631-50UG, ABB-RP00631-100UG, ABB-RP00631-20UG  |
| Manufacturer               | ABclonal   |
| Host                       | E. coli  |
| Category                   | Proteine/Peptide   |
| Species Reactivity         | Human  |
| Immunogen                  | Met1-Ser183  |
| Product Description        | Ferritin heavy polypeptide 1(FTH1), is a ubiquitous intracellular protein which stores iron in a soluble, non-toxic, readily available form. FTH1 has ferroxidase activity and is important for iron homeostasis. Iron is taken up in the ferrous form and ... |
| Concentration              | < 1 EU/μg of the protein by LAL method.  |
| Molecular Weight           | 21.22 kDa  |
| NCBI                       | <a href="#">2495</a>   |
| UniProt                    | <a href="#">P02794</a>   |
| Purity                     | 95 % as determined by SDS-PAGE.  |

|                    |  |
|--------------------|--|
| Form               | Lyophilized from a 0.2 µm filtered solution of 20mM PB, 150mM NaCl, pH 7.4. Contact us for customized product form or formulation.   |
| Target             | Ferritin heavy chain/FTH1  |
| Application Dilute | Lyophilized from a 0.2 µm filtered solution of 20mM PB, 150mM NaCl, pH 7.4. Contact us for customized product form or formulation.   |
| Application Notes  | Cross-Reactivity: Centrifuge the tube before opening. Reconstitute to a concentration of 0.1-0.5 mg/mL in sterile distilled water. Avoid vortex or vigorously pipetting the protein. For long term storage, it is recommended to add a carrier protein or stabilizer (e.g. 0.1% BSA, 5% HSA, 10% FBS or 5% Trehalose), and aliquot the reconstituted protein solution to minimize free-thaw cycles., Research Area: Cytokines & Cytokine Receptors |
