| Host                       | Rabbit                                                                                                       |
| Category                   | Antikörper                                                                                                   |
| Application                | FC                                                                                                           |
| Species Reactivity         | Human, Mouse, Rat                                                                                            |
| Immunogen                  | E.coli-derived human KCNQ5 recombinant protein (Position: E617-K932).                                        |
| Product Description        | Anti-KCNQ5 Antibody . Tested in ELISA, IHC, WB applications. This antibody reacts with Human, Mouse, Rat.... |
| Clonality                  | Polyclonal                                                                                                   |
| Concentration              | 500 ug/ml                                                                                                    |
| NCBI                       | <a href="#">56479</a>                                                                                        |
| UniProt                    | <a href="#">Q9NR82</a>                                                                                       |
| Target                     | KCNQ5                                                                                                        |
| Antibody Type              | Primary Antibody                                                                                             |
