| Article Name               | Multiplex Assay Kit for Neutrophil Elastase (NE) ,etc. by FLIA (Flow Luminescence Immunoassay) |
| Biozol Catalog Number      | USC-LMA181CA                                                                                   |
| Supplier Catalog Number    | LMA181Ca                                                                                       |
| Alternative Catalog Number | USC-LMA181CA-96                                                                                |
| Manufacturer               | Cloud-Clone                                                                                    |
| Category                   | Kits/Assays                                                                                    |
| Species Reactivity         | Canine                                                                                         |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                            |
| Range                      | 1.95-2000pg/mL                                                                                 |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.65 pg/mL                      |
| UniProt                    | <a href="#">Q8MJD1</a>                                                                         |
| Samples                    | serum, plasma and other biological fluids                                                      |
| Application Notes          | FLIA Kit for Antigen Detection.                                                                |
