## Product Datasheet

### **Multiplex Assay Kit for Chemokine (C-X-C motif) ligand 7 ( CXCL7) ,etc. by FLIA (Flow Luminescence Immunoassay) USC-LMA370RA**

|                            |                                                                                                                 |
|----------------------------|-----------------------------------------------------------------------------------------------------------------|
| Article Name               | Multiplex Assay Kit for Chemokine (C-X-C motif) ligand 7 ( CXCL7) ,etc. by FLIA (Flow Luminescence Immunoassay) |
| Biozol Catalog Number      | USC-LMA370RA                                                                                                    |
| Supplier Catalog Number    | LMA370Ra                                                                                                        |
| Alternative Catalog Number | USC-LMA370RA-96                                                                                                 |
| Manufacturer               | Cloud-Clone                                                                                                     |
| Category                   | Kits/Assays                                                                                                     |
| Species Reactivity         | Rat                                                                                                             |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                             |
| Range                      | 0.2-200pg/mL                                                                                                    |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.067 pg/mL                                      |
| UniProt                    | <a href="#">Q99ME0</a>                                                                                          |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids            |
| Application Notes          | FLIA Kit for Antigen Detection.                                                                                 |
