## Product Datasheet

### **Multiplex Assay Kit for Angiotensin I Converting Enzyme 2 (ACE2) ,etc. by FLIA (Flow Luminescence Immunoassay) USC-LMB886MU**

|                            |                                                                                                                |
|----------------------------|----------------------------------------------------------------------------------------------------------------|
| Article Name               | Multiplex Assay Kit for Angiotensin I Converting Enzyme 2 (ACE2) ,etc. by FLIA (Flow Luminescence Immunoassay) |
| Biozol Catalog Number      | USC-LMB886MU                                                                                                   |
| Supplier Catalog Number    | LMB886Mu                                                                                                       |
| Alternative Catalog Number | USC-LMB886MU-96                                                                                                |
| Manufacturer               | Cloud-Clone                                                                                                    |
| Category                   | Kits/Assays                                                                                                    |
| Species Reactivity         | Mouse                                                                                                          |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                            |
| Range                      | 0.78-800pg/mL                                                                                                  |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.26 pg/mL                                      |
| UniProt                    | <a href="#">Q8R0I0</a>                                                                                         |
| Samples                    | serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids           |
| Application Notes          | FLIA Kit for Antigen Detection.                                                                                |
