## Product Datasheet

### Multiplex Assay Kit for Uncoupling Protein 3, Mitochondrial (UCP3) ,etc. by FLIA (Flow Luminescence Immunoassay) USC-LMF556RA

|                            |                                                                                                                  |
|----------------------------|------------------------------------------------------------------------------------------------------------------|
| Article Name               | Multiplex Assay Kit for Uncoupling Protein 3, Mitochondrial (UCP3) ,etc. by FLIA (Flow Luminescence Immunoassay) |
| Biozol Catalog Number      | USC-LMF556RA                                                                                                     |
| Supplier Catalog Number    | LMF556Ra                                                                                                         |
| Alternative Catalog Number | USC-LMF556RA-96                                                                                                  |
| Manufacturer               | Cloud-Clone                                                                                                      |
| Category                   | Kits/Assays                                                                                                      |
| Species Reactivity         | Rat                                                                                                              |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                              |
| Range                      | 0.0098-10ng/mL                                                                                                   |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.0033ng/mL                                       |
| UniProt                    | <a href="#">P56499</a>                                                                                           |
| Samples                    | serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids             |
| Application Notes          | FLIA Kit for Antigen Detection.                                                                                  |
