## Product Datasheet

### **Multiplex Assay Kit for Microfibrillar Associated Protein 5 (MFAP5) ,etc. by FLIA (Flow Luminescence Immunoassay) USC-LMF590HU**

|                            |                                                                                                                   |
|----------------------------|-------------------------------------------------------------------------------------------------------------------|
| Article Name               | Multiplex Assay Kit for Microfibrillar Associated Protein 5 (MFAP5) ,etc. by FLIA (Flow Luminescence Immunoassay) |
| Biozol Catalog Number      | USC-LMF590HU                                                                                                      |
| Supplier Catalog Number    | LMF590Hu                                                                                                          |
| Alternative Catalog Number | USC-LMF590HU-96                                                                                                   |
| Manufacturer               | Cloud-Clone                                                                                                       |
| Category                   | Kits/Assays                                                                                                       |
| Species Reactivity         | Human                                                                                                             |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                               |
| Range                      | 0.01-10ng/mL                                                                                                      |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 0.003 ng/mL                                        |
| UniProt                    | <a href="#">Q13361</a>                                                                                            |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids              |
| Application Notes          | FLIA Kit for Antigen Detection.                                                                                   |
