### ELISA Kit for Atrial Natriuretic Peptide (ANP) USC-SEA225MU

|                            |                                                                                                      |
|----------------------------|------------------------------------------------------------------------------------------------------|
| Article Name               | ELISA Kit for Atrial Natriuretic Peptide (ANP)                                                       |
| Biozol Catalog Number      | USC-SEA225MU                                                                                         |
| Supplier Catalog Number    | SEA225Mu                                                                                             |
| Alternative Catalog Number | USC-SEA225MU-48, USC-SEA225MU-96                                                                     |
| Manufacturer               | Cloud-Clone                                                                                          |
| Category                   | Kits/Assays                                                                                          |
| Species Reactivity         | Mouse                                                                                                |
| Product Description        | 48T, 96T, 96T*5, 96T*10, 96T*100...                                                                  |
| Range                      | 7.8-500pg/mL                                                                                         |
| Sensitivity                | The minimum detectable dose of this kit is typically less than 3.0pg/mL                              |
| Samples                    | Serum, plasma, tissue homogenates, cell lysates, cell culture supernates and other biological fluids |
| Application Notes          | Enzyme-linked immunosorbent assay for Antigen Detection.                                             |
