| Article Name               | Recombinant Erythroferrone (ERFE), E. coli                                                                         |
| Biozol Catalog Number      | USC-RPU540MU02                                                                                                     |
| Supplier Catalog Number    | RPU540Mu02                                                                                                         |
| Alternative Catalog Number | USC-RPU540MU02-10, USC-RPU540MU02-50, USC-RPU540MU02-100, USC-RPU540MU02-200, USC-RPU540MU02-500, USC-RPU540MU02-1 |
| Manufacturer               | Cloud-Clone                                                                                                        |
| Host                       | E. coli                                                                                                            |
| Category                   | Proteine/Peptide                                                                                                   |
| Application                | Control, SDS-PAGE, WB                                                                                              |
| Species Reactivity         | Mouse                                                                                                              |
| Molecular Weight           | Predicted Molecular Mass(KD): 47.6kDa. Accurate Molecular Mass(KD): 48kDa                                          |
| Tag                        | Two N-terminal Tags, His-tag and SUMO-tag                                                                          |
| UniProt                    | <a href="#">Q6PGN1</a>                                                                                             |
| Buffer                     | PBS, pH7.4, containing 0.01% SKL, 1mM DTT, 5% Trehalose and Proclin300.                                            |
| Source                     | Prokaryotic expression                                                                                             |
| Expression System          | Prokaryotic expression                                                                                             |
| Purity                     | > 80%                                                                                                              |
