| Host                       | Rabbit                                                                                                  |
| Category                   | Antikörper                                                                                              |
| Application                | ELISA, IHC-Fr, IHC-P, WB                                                                                |
| Conjugation                | Biotin                                                                                                  |
| Product Description        | Essential for mesoderm formation and axial patterning during embryonic development....                  |
| Clonality                  | Polyclonal                                                                                              |
| Concentration              | 1ug/ul                                                                                                  |
| NCBI                       | <a href="#">4838</a>                                                                                    |
| UniProt                    | <a href="#">Q96S42</a>                                                                                  |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol. |
| Source                     | KLH conjugated synthetic peptide derived from human Nodal                                               |
| Target                     | Nodal                                                                                                   |

|                    |                                                                       |
|--------------------|-----------------------------------------------------------------------|
| Application Dilute | WB(1:300-5000), ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500) |
