| Conjugation                | PerCP                                                                                                                                                                                                                                                   |
| Product Description        | Centrosomal protein involved in centriole biogenesis. Acts as a scaffolding protein during early centriole biogenesis. Also required for centriole-centriole cohesion during interphase by acting as a platform protein for CEP250 at the centriole.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                              |
| Concentration              | 1ug/ul                                                                                                                                                                                                                                                  |
