| Conjugation                | BF350                                                                                                                                                                                                                                                         |
| Product Description        | RNA-binding protein that regulates alternative splicing events by binding to 5-UGCAUGU-3 elements. Prevents binding of U2AF2 to the 3-splice site. Regulates alternative splicing of tissue-specific exons and of differentially spliced exons during eryt... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
| Concentration              | 1ug/ul                                                                                                                                                                                                                                                        |
