| Product Description        | This gene encodes a subunit of dynactin, a component of the cytoplasmic dynein motor machinery involved in minus-end-directed transport. The encoded protein is a component of the pointed-end subcomplex and is thought to bind membranous cargo. A pseud... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
