| Manufacturer               | Bioss                                                                                                                                                                    |
| Host                       | Rabbit                                                                                                                                                                   |
| Category                   | Antikörper                                                                                                                                                               |
| Application                | ELISA, IHC-Fr, IHC-P, WB                                                                                                                                                 |
| Conjugation                | HRP                                                                                                                                                                      |
| Product Description        | Produced by macrophages, IFN-alpha have antiviral activities. Interferon stimulates the production of two enzymes: a protein kinase and an oligoadenylate synthetase.... |
| Clonality                  | Polyclonal                                                                                                                                                               |
| Concentration              | 1ug/ul                                                                                                                                                                   |
| NCBI                       | <a href="#">3444</a>                                                                                                                                                     |
| UniProt                    | <a href="#">P01567</a>                                                                                                                                                   |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                  |
| Source                     | KLH conjugated synthetic peptide derived from human IFNA7                                                                                                                |

|                    |                                                                       |
|--------------------|-----------------------------------------------------------------------|
| Target             | IFNA7                                                                 |
| Application Dilute | WB(1:300-5000), ELISA(1:500-1000), IHC-P(1:200-400), IHC-F(1:100-500) |
