| Category                   | Antikörper                                                                                                                                                                                                |
| Application                | IF, WB                                                                                                                                                                                                    |
| Species Reactivity         | Mouse, Rat                                                                                                                                                                                                |
| Conjugation                | BF350                                                                                                                                                                                                     |
| Product Description        | Catalyzes the transfer of sulfate to beta-1,3-linked galactose residues in O-linked glycoproteins. Good substrates include asialofetuin, Gal-beta-1,3-GalNAc and Gal-beta-1,3 (GlcNAc-beta-1,6)GalNAc.... |
| Clonality                  | Polyclonal                                                                                                                                                                                                |
| Concentration              | 1ug/ul                                                                                                                                                                                                    |
| NCBI                       | <a href="#">79690</a>                                                                                                                                                                                     |
| UniProt                    | <a href="#">Q96RP7</a>                                                                                                                                                                                    |

|                    |                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------|
| Buffer             | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol. |
| Source             | KLH conjugated synthetic peptide derived from human GAL3ST4                                            |
| Target             | GAL3ST4                                                                                                |
| Application Dilute | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200)                            |
