| Product Description        | The product of this gene phosphorylates the beta-2-adrenergic receptor and appears to mediate agonist-specific desensitization observed at high agonist concentrations. This protein is an ubiquitous cytosolic enzyme that specifically phosphorylates th... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
