| Host                       | Rabbit                                                                                                                                                                                  |
| Category                   | Antikörper                                                                                                                                                                              |
| Application                | IHC-Fr, IHC-P, WB                                                                                                                                                                       |
| Species Reactivity         | Rat                                                                                                                                                                                     |
| Conjugation                | HRP                                                                                                                                                                                     |
| Product Description        | Transcription factor that binds DNA in a non-specific manner, yet also specifically recognizes the core sequence 5-CAC[GA]TG-3. Activates the transcription of growth-related genes.... |
| Clonality                  | Polyclonal                                                                                                                                                                              |
| Concentration              | 1ug/ul                                                                                                                                                                                  |
| NCBI                       | <a href="#">4609</a>                                                                                                                                                                    |
| UniProt                    | <a href="#">P01106</a>                                                                                                                                                                  |

|                    |                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------|
| Buffer             | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.         |
| Source             | KLH conjugated synthetic phosphopeptide derived from human c-Myc around the phosphorylation site of Thr58+Ser62 |
| Target             | phospho C-Myc (Thr58 / Ser62)                                                                                   |
| Application Dilute | WB(1:300-5000), IHC-P(1:200-400), IHC-F(1:100-500)                                                              |
