| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                            |
| Conjugation                | PE/Cy5.5                                                                                                                                                                     |
| Product Description        | C/EBP is a DNA-binding protein that recognizes two different motifs: the CCAAT homology common to many promoters and the enhanced core homology common to many enhancers.... |
| Clonality                  | Polyclonal                                                                                                                                                                   |
| Concentration              | 1ug/ul                                                                                                                                                                       |
| NCBI                       | <a href="#">1050</a>                                                                                                                                                         |
| UniProt                    | <a href="#">P49715</a>                                                                                                                                                       |

|                    |                                                                                                                 |
|--------------------|-----------------------------------------------------------------------------------------------------------------|
| Buffer             | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.          |
| Source             | KLH conjugated synthetic phosphopeptide derived from human CEBP alpha around the phosphorylation site of Thr226 |
| Target             | Phospho-CEBP alpha (Thr222 + Thr226)                                                                            |
| Application Dilute | WB(1:300-5000)                                                                                                  |
