| Product Description        | Cortactin is an 80/85 kDa cytoskeleton protein that facilitates assembly of cortical actin. Cortactin is widely expressed in most adherent cells and is a prominent substrate of protein tyrosine kinase Src in vivo and in vitro. The protein sequence of... |
| Clonality                  | Polyclonal                                                                                                                                                                                                                                                    |
