| Category                   | Proteine/Peptide                                                                                                                  |
| Species Reactivity         | Other                                                                                                                             |
| Conjugation                | Unconjugated                                                                                                                      |
| Tag                        | C-hFc & His                                                                                                                       |
| UniProt                    | <a href="#">O95157</a>                                                                                                            |
| Buffer                     | 150 mM PBS(pH 7.4)                                                                                                                |
| Source                     | Recombinant human NXPH3 Protein is expressed in HEK293 cell with C-hFc & C-His. It contains the amino acid sequence of 23-252/252 |
| Expression System          | HEK293                                                                                                                            |
| Purity                     | > 85% as determined by SDS-PAGE                                                                                                   |
