| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                   |
| Conjugation                | BF405                                                                                                                                                               |
| Product Description        | Identifies cytotoxic/suppressor T-cells that interact with MHC class I bearing targets. CD8 is thought to play a role in the process of T-cell mediated killing.... |
| Clonality                  | Polyclonal                                                                                                                                                          |
| Concentration              | 1ug/ul                                                                                                                                                              |
| NCBI                       | <a href="#">926</a>                                                                                                                                                 |
| UniProt                    | <a href="#">P10966</a>                                                                                                                                              |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                              |

|                    |                                                                             |
|--------------------|-----------------------------------------------------------------------------|
| Source             | KLH conjugated synthetic peptide derived from human CD8B                    |
| Target             | CD8B                                                                        |
| Application Dilute | WB(1:300-5000), IF(IHC-P)(1:50-200), IF(IHC-F)(1:50-200), IF(ICC)(1:50-200) |
