| Category                   | Antikörper                                                                                                                                                                                            |
| Application                | FC, IF, WB                                                                                                                                                                                            |
| Species Reactivity         | Human, Mouse, Rat                                                                                                                                                                                     |
| Conjugation                | RBITC                                                                                                                                                                                                 |
| Product Description        | Essential component of the mitotic checkpoint. Required for normal mitosis progression. The mitotic checkpoint delays anaphase until all chromosomes are properly attached to the mitotic spindle.... |
| Clonality                  | Recombinant                                                                                                                                                                                           |
| Concentration              | Lot dependent                                                                                                                                                                                         |
| NCBI                       | <a href="#">701</a>                                                                                                                                                                                   |
| UniProt                    | <a href="#">O60566</a>                                                                                                                                                                                |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                |

|                    |                                                           |
|--------------------|-----------------------------------------------------------|
| Source             | KLH conjugated synthetic peptide derived from human BUB1B |
| Target             | BubR1                                                     |
| Application Dilute | WB(1:300-5000), IF(), FCM(1ug/Test)                       |
