| Conjugation                | RBITC                                                                                                                                                                                                                                     |
| Product Description        | Receptor for parathyroid hormone and for parathyroid hormone-related peptide. The activity of this receptor is mediated by G proteins which activate adenylyl cyclase and also a phosphatidylinositol-calcium second messenger system.... |
| Clonality                  | Recombinant                                                                                                                                                                                                                               |
| Concentration              | Lot dependent                                                                                                                                                                                                                             |
| NCBI                       | <a href="#">5745</a>                                                                                                                                                                                                                      |
| UniProt                    | <a href="#">Q03431</a>                                                                                                                                                                                                                    |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                                    |

|                    |                                                           |
