| Application                | FC, IF, WB                                                                                                                                                                                 |
| Species Reactivity         | Human                                                                                                                                                                                      |
| Conjugation                | Cy7                                                                                                                                                                                        |
| Product Description        | One gap junction consists of a cluster of closely packed pairs of transmembrane channels, the connexons, through which materials of low MW diffuse from one cell to a neighboring cell.... |
| Clonality                  | Recombinant                                                                                                                                                                                |
| Concentration              | Lot dependent                                                                                                                                                                              |
| NCBI                       | <a href="#">2705</a>                                                                                                                                                                       |
| UniProt                    | <a href="#">P08034</a>                                                                                                                                                                     |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                    |

|                    |                                                          |
|--------------------|----------------------------------------------------------|
| Source             | KLH conjugated synthetic peptide derived from human GJB1 |
| Target             | Connexin-32                                              |
| Application Dilute | WB(1:300-5000), IF(), FCM(1ug/Test)                      |
