| Category                   | Antikörper                                                                                                                                                                          |
| Application                | IHC-Fr, IHC-P, WB                                                                                                                                                                   |
| Species Reactivity         | Human                                                                                                                                                                               |
| Conjugation                | Biotin                                                                                                                                                                              |
| Product Description        | Required for ribosome biogenesis and telomere maintenance. Part of the H/ACA small nucleolar ribonucleoprotein (H/ACA snoRNP) complex, which catalyzes pseudouridylation of rRNA... |
| Clonality                  | Recombinant                                                                                                                                                                         |
| Concentration              | Lot dependent                                                                                                                                                                       |
| NCBI                       | <a href="#">55505</a>                                                                                                                                                               |
| UniProt                    | <a href="#">Q9NPE3</a>                                                                                                                                                              |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH 7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                             |

|                    |                                                           |
|--------------------|-----------------------------------------------------------|
| Source             | KLH conjugated synthetic peptide derived from human NOP10 |
| Target             | NOP10                                                     |
| Application Dilute | WB(1:300-5000), IHC-P(1:200-400), IHC-F(1:100-500)        |
