| Conjugation                | RBITC                                                                                                                                                                                                                            |
| Product Description        | Receptor for neuropeptide Y and peptide YY. The activity of this receptor is mediated by G proteins that inhibit adenylate cyclase activity. Seems to be associated with food intake. Could be involved in feeding disorders.... |
| Clonality                  | Recombinant                                                                                                                                                                                                                      |
| Concentration              | Lot dependent                                                                                                                                                                                                                    |
| NCBI                       | <a href="#">4889</a>                                                                                                                                                                                                             |
| UniProt                    | <a href="#">Q15761</a>                                                                                                                                                                                                           |
| Buffer                     | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol.                                                                                                                           |

|                    |                                                           |
