| Conjugation                | APC/Cy5.5                                                                                                                                                                                                                                                     |
| Product Description        | Calcium-activated, phospholipid- and diacylglycerol (DAG)-dependent serine/threonine-protein kinase that plays diverse roles in neuronal cells and eye tissues, such as regulation of the neuronal receptors GRIA4/GLUR4 and GRIN1/NMDAR1, modulation of r... |
| Clonality                  | Recombinant                                                                                                                                                                                                                                                   |
| Concentration              | Lot dependent                                                                                                                                                                                                                                                 |
| NCBI                       | <a href="#">5582</a>                                                                                                                                                                                                                                          |
| UniProt                    | <a href="#">P05129</a>                                                                                                                                                                                                                                        |

|                    |                                                                                                        |
|--------------------|--------------------------------------------------------------------------------------------------------|
| Buffer             | Aqueous buffered solution containing 0.01M TBS (pH7.4) with 1% BSA, 0.02% Proclin300 and 50% Glycerol. |
| Source             | KLH conjugated synthetic peptide derived from human PKC                                                |
| Target             | PKC                                                                                                    |
| Application Dilute | WB(1:300-5000), IF(), FCM(1ug/Test)                                                                    |
