| Host                       | Gallus                                                                                                                                                                                                                                     |
| Category                   | Antikörper                                                                                                                                                                                                                                 |
| Application                | AT, ICC, IHC                                                                                                                                                                                                                               |
| Species Reactivity         | Mouse                                                                                                                                                                                                                                      |
| Immunogen                  | Fusion protein amino acids 157-517 (zinc finger domains) of rat Bassoon (accession number O88778) produced recombinantly in E. Coli                                                                                                        |
| Conjugation                | FL490                                                                                                                                                                                                                                      |
| Product Description        | Our chicken Anti-Bassoon recombinant monoclonal antibody is a chimeric antibody derived from NeuroMab clone L124/59. It detects mouse and rat Bassoon, and is purified by affinity chromatography. It is great for use in AT, IHC, ICC.... |
| Clonality                  | Recombinant                                                                                                                                                                                                                                |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                  |

|                    |                                                                                       |
|--------------------|---------------------------------------------------------------------------------------|
| Clone Designation  | [L124/59]                                                                             |
| Molecular Weight   | 400 kDa for full-length protein, many smaller bands possible depending on sample used |
| UniProt            | <a href="#">O88778</a>                                                                |
| Buffer             | 1X PBS, 0.05% Sodium Azide pH 7.4                                                     |
| Form               | Liquid                                                                                |
| Target             | Bassoon                                                                               |
| Antibody Type      | Primary Antibody                                                                      |
| Application Dilute | Dilution Range: IHC: 1:100. Dilution Range: ICC: 1:100                                |
