| Category                   | Antikörper                                                                                                                                                                                                                                                    |
| Application                | IHC-P                                                                                                                                                                                                                                                         |
| Species Reactivity         | Human                                                                                                                                                                                                                                                         |
| Immunogen                  | Recombinant full-length human Annexin A1 protein was used as the immunogen for the Annexin A1 antibody.                                                                                                                                                       |
| Product Description        | The ANXA1 gene belongs to the annexin family, and contains 4 annexin repeats. A pair of annexin repeats may form one binding site for calcium and a phospholipid. ANXA1 promotes membrane fusion and is involved in exocytosis. The gene for ANXA1 is upre... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                    |
| Clone Designation          | [ANXA1/6452R]                                                                                                                                                                                                                                                 |
| UniProt                    | <a href="#">P04083</a>                                                                                                                                                                                                                                        |
| Purity                     | Protein A/G affinity                                                                                                                                                                                                                                          |

|                    |                                                                                     |
|--------------------|-------------------------------------------------------------------------------------|
| Form               | 0.2 mg/ml in 1X PBS with 0.1 mg/ml BSA (US sourced), 0.05% sodium azide             |
| Antibody Type      | Primary Antibody                                                                    |
| Application Dilute | Immunohistochemistry (FFPE): 1-2ug/ml                                               |
| Application Notes  | Optimal dilution of the Annexin A1 antibody should be determined by the researcher. |
