| Species Reactivity         | Human, Mouse, Primate, Rat                                                                                                                                                                                                                                                            |
| Immunogen                  | Fusion protein amino acids 1929-2009 (cytoplasmic C-terminus) of rat Nav1.1 (accession number P04774) produced recombinantly in E. Coli                                                                                                                                               |
| Conjugation                | FL594                                                                                                                                                                                                                                                                                 |
| Product Description        | Our Anti-Nav1.1 Na <sup>+</sup> channel mouse monoclonal primary antibody from NeuroMab is produced in-house from hybridoma clone K74/71. It detects human, mouse, non-human primate, and rat Nav1.1 Na <sup>+</sup> channel, and is purified by Protein A chromatography. It is g... |
| Clonality                  | Monoclonal                                                                                                                                                                                                                                                                            |
| Concentration              | 0.5 mg/mL                                                                                                                                                                                                                                                                             |

|                   |                                              |
|-------------------|----------------------------------------------|
| Clone Designation | [K74/71]                                     |
| Molecular Weight  | 220 kDa                                      |
| Isotype           | IgG1                                         |
| UniProt           | <a href="#">P04774</a>                       |
| Buffer            | PBS with 0.09% azide                         |
| Target            | Nav1.1 Na <sup>+</sup> channel               |
| Antibody Type     | Primary Antibody                             |
| Application Notes | Format: Purified by Protein A chromatography |
